OBJECTIVE

Web Developer with a proven ability to collaborate effectively with senior developers and having an interest in full-stack development while spending extra time to be mentored. With a passion for both personal growth and software development, I enjoy working closely with team members. Eager to tackle more complex problems and continue to find way to maximize user efficiency with emphasis on scalable and well documented code for reusability. Ready to apply for passion for coding to a talented team to develop quality solutions.

SKILLS

React, NodeJS, NPM, HTML, CSS, JavaScript, JQuery, TypeScript, Git, npm, Jira, PHP, WordPress, GraphQL, MaterialUI, Jest, SEO, GitHub

EXPERIENCE

HARVEST BUILDERS (Neo Financial), Calgary, AB

Full Stack Developer (Bootcamp), October 2022–November 2022

- Developed web apps utilizing a range of technologies, including TypeScript, React, NodeJS and GraphQL.
- Worked closely with app development team including project and product manager, developers and QAs to determine problems, testing methods, and best practices.
- Designed, built and implemented solutions that allows users to login and make required selections to create and order directly from the websites using GraphQL.
- Worked in Agile, collaborative environment to receive design requirements, peer program and unit testing applications.

BLOBSTATION, Montreal, QC

Frontend Web Developer & Integrator (Internship), March 2022–September 2022

- Worked with senior developers and assisted them in front end designs of web applications with HTML, CSS, NodeJS, React and modern JavaScript framework.
- Helped seniors in building WordPress website proposals to present to clients, provide technical support to clients and write coding using HTML, CSS and JQuery.
- Managed a user guide to help clients understand site features and management of website, increasing visitor satisfaction by 50%.

EDUCATION

ISI, L'institut Supérieur d'Informatique, Montreal, QC

AEC - Web Integration and Development

Sept 2020 – Sept 2022
